Knights of Pythias meet to-night. A little warm, but we don't mind that. The frontier notes the arrival in Nogales last week of Sandy Bob.

The disfiguring eruptions on the face, the sunken eye, the pallid complexion, indicate that there is something wrong going on within. Except the lurking fear to health, using Ayer's Sarsaparilla.

G. Chapman, New York; H. N. Dusenbury, L. A.; Angelo; W. Read, Phoenix; Jas. Bergens, Chihuahua; Chas. Rudd, Silver City; Jose Gonzalez and family, Valderrama, Mexico, are registered at the Oriental Hotel.

The opinion of the general public in regard to Ayer's Cherry Pectoral is confirmed by clergymen, lawyers, public speakers, actors. All say it is the best remedy for affections of the vital organs, throat, and lungs.

The case of Paul S. Montague vs. H. M. Woods et al. was yesterday concluded in the county court. The jury found verdict for the defendants, but awarded plaintiff his book accounts and private papers. An appeal is asked.—Star.

The Clausman recently arrested at Tombstone and brought back to this city was taken dangerously ill at the jail yesterday and it was found necessary to remove him to the hospital where he could receive proper treatment.—Star.

It would be better for the croakers who always run down our grazing and farming interests to pay a visit to the Barber canon and especially to the ranch of J. A. Rohl, and gaze on his magnificent field of growing oats, the most of which stands over five feet high.

The west bound emigrant train yesterday contained a lot of Chinese shoe makers, who are en route from New York to San Francisco. In answer to an inquiry, one of the Celestials will: "New York no good; bear dam flood Atles same makes two dolls help Frisco one doll New York."—Star.

In compliance with telegraphic instructions of the 6th instant, from the adjutant general of the army, Corps Henry Quackenbush, Company G., 1st Infantry, has been ordered to proceed to Fort Monroe, Virginia, reporting upon arrival to the commanding officer, for final examination for promotion, by a board of officers ordered to convene on the 30th instant.

That nefarious dead line law which has practically prohibited foreigners from owing or working any mining properties within the radius of 20 miles from the Mexican line has been abolished by the Mexican Congress. This will cause great rejoicing on this side of the border, as within this zone are some splendid properties, which are being held in suspense by Americans.

John R. Fraser, and his gang of ruffians have been committing some more outrages at Calabasas. This time they beat a man over the head with a six shooter, and then had him arrested on a trumped up charge, and brought before the justice and fined one hundred dollars, the poor Mexican became frightened and made his escape, and during his absence, the gang went to his ranch and robbed it of a part of the stock. A number of the respectable citizens of the vicinity became enraged at this high handed proceeding, and went before the justice and demanded that the Mexican be accorded a new trial, of which we have not learned the result. The above is about the outrages that has ever been perpetrated on the good people of Calabasas, and can only be attributed to the machinations of John R. Fraser's filthy crew.

On motion Elijah Clifford was appointed road overseer for St. David's district with compensation of \$200. Whereas it appears that disputes have arisen among the men between Cochise and Pima counties in regard to assessments, etc. Therefore be it

Solved that this board deems it important to have the line between said counties surveyed, and that if the supervisors of said Pima will co-operate with the supervisors of this county, a contract be entered into with some responsible surveyor to have said line surveyed.

The clerk of this board is hereby instructed to communicate with the supervisors of Pima county laying before them a copy of the foregoing resolution and asking their cooperation, and that pass a similar resolution in order that prompt action may be taken to the end as above set forth.

We acknowledge receipt of a basket of choice grapes and peaches from Mrs. Briggs Goodrich, the fruit being grown at the orchard of Briggs Goodrich near Phoenix, and never have we eaten better.

Grant.
Out from the deep-mouthed city,
 Into the sweet-voiced air;
Out from the thousand noises
 That rise in a sudden blare;
Out from the cool of the mountain,
 Out from the sun net's glare;
A train glides on with silent wan
 Borne down by pain and care.

No sounds of glad rejoicing
 Goes up; yet hundreds stand
About the关闭的 windows—
 A curious, anxious band—
And seek the recognition
 Of eye or waving hand,
For he, they know, is voiceless now,
 Who gave to them command.
Out from the dismounthed city
 Into the awe-stricken air,
The cautious wheels, steam-driven,
 The no-longer patient bear;
Out from the throbbing city,
 Into the meadow fair,
The train glides on with patient wan,
 While rises many a prayer.

Columbus (O.) Daily.

Boldest Mining Company.

Mr. C. S. Brown, one of the principal owners in the "Canyon mines," returned from the east on Monday last. Dr. Brown went east for the express purpose of organizing a company to work the mines above mentioned, and during his absence he succeeded in interesting some of the leading capitalists of Cleveland, Ohio. This returning mining company was formerly owned by General Ygnacio Perquiza, and have been examined by several of the best mining experts in the United States and pronounced by them to be very valuable properties, and the only reason that they are not being worked more extensively is, simply because the owners before have demanded such a high price for them, but now that Mr. Brown has completed arrangements to go ahead, the mines will soon be running to their fullest extent.

It is the intention of the company to immediately put on a large force of men both in the mines and at the smelter site, so that the reducing works may be running as soon as possible.

The following named gentlemen are the principal stockholders in the mines, and their names alone are a sufficient guarantee that the enterprise is a legitimate one: Daniel P. Ellis, Seibert Chamberlain, Robt. Chamberlain, E. R. Perkins, Mr. Rankin, E. B. White, J. E. Ensign and H. P. Ellis. Daniel P. Ellis is the president, H. P. Ellis is the treasurer, and John Ensign the secretary.

The above named gentlemen represent more than ten million of dollars, and the controlling interest in the mines and are satisfied that they have got a good thing, and intend to work it solely on its merit; the working of these mines is of much importance to the town of Nogales, and almost all the supplies used by them are purchased here. Mr. Busham deserves great credit for the due and speedy manner in which he has accomplished this happy result, and it is now only a question of a short time until this company will be turning out a large amount of bullion.

John R. Fraser, and his gang of ruffians have been committing some more outrages at Calabasas. This time they beat a man over the head with a six shooter, and then had him arrested on a trumped up charge, and brought before the justice and fined one hundred dollars, the poor Mexican became frightened and made his escape, and during his absence, the gang went to his ranch and robbed it of a part of the stock.
